## EXECUTIVE VICE PRESIDENT / PRINCIPAL ARCHITECT

Mr. Steven D. Wong has an architectural career that has spanned over 57 years. Mr. Wong joined Mitsunaga & Associates, Inc. in 1983 and is currently Executive Vice President of the company. He is the lead designer and manager for many of the firm's major projects. He has specialized in hospitality, commercial, high-end residential projects, retail, and historic restoration, but has shifted his focus to educational, health care, and multi-family senior & family affordable housing projects. He was contracted by the State of Hawaii Department of Education to update their Educational Specifications, a guide that other architects use in designing current state-of-the-art schools. Mr. Wong is also a certified Design-Build Professional and has been contracted by many agencies to develop their criteria packages for Design-Build projects.

## PHILOSOPHY

Mr. Wong is inspired by the works of Louie Khan, who believed that architects should support society. He strongly believes that architecture is first and foremost a service profession. He is passionate and never forgets the importance of service to his clients. Steve is guided by the vision of the user in all stages of the design process, up until the final nail is placed. He believes many hands working together as a team provides for successful projects.
